

Mini Crawlers

Used Mini Crawler BC - We have designed various Mobile Crane Operation programs at our Crane Training Schools. These programs are recommended for the skilled operator who requires re-certification or certification, and for inexperienced operator who is seeking work in the industry. Crane operator positions are in demand due to their high pay. Crane operators are among the highest paid of any heavy equipment operator. Our Crane Training Schools include training and instruction for a wide variety of mobile cranes. Course content includes Crane Set-up, Wire Rope, Load Dynamics, Lift Planning, Signaling, Load Charts and Rigging. The Crane Training School program is best for operators, riggers and supervisors. Course materials include an informative and manual hand-outs. The illustrated safety instruction manual consists of 100 to 250 pages, which depends on the course, of important and helpful material. Course materials include load exercises and load charts for the crane with which the individual training is working. Hands-On Safety Training will take up more than half of the course curriculum. The practical training part is the most helpful method to developing and improving personal skill levels. Only licensed journeyman crane instructors are selected to teach the courses. Our instructors possess numerous years of industry experience. For all the course we provide, we can include optional testing mechanisms to customize your training. A skills test is normally administered for programs which include H.O.S.T. Trainees will be tested and graded. Certification Training Programs: Lattice Boom/Crawler Cranes; Fixed and Swing Cab Mobile Hydraulic Cranes; Articulated Boom/ Knuckleboom Cranes; Rigging / Signalperson Certification and Training; In-The Seat Training and Testing & Certification. As the new business requirements emerge, the industry standards of practice also evolve. The business sees continual updates to legislation and regulations, in addition to technology and equipment enhancements. Industry data analysis and collection detect trends which are changing. Members maintain the advantage of managing their certifications and training programs. Mobile device alerts keep members ahead of personal and workplace safety news.
